Since 1961, we have been in the handmade carpet business. Our goal was to create beauty and originality. Now, relying on the same spirit we have stepped into the world of machine-made carpet production to combine our family heritage with modern knowledge and technology

Now we have been able to produce high-quality carpets in various colors. Our vision is to promote Iranian machine-woven carpets in the international market. We have been able to introduce the world market to Iranian quality carpets by exporting to more than 20 places in the world. No with the national standard of Iran, we are trying to weave authentic carpets for authentic people.
